

Guillow Gliders

Due to new Federal Regulations we are required to put Lot #'s on all products and packaging. Lot # will be printed on the tail piece under the body of the plane and on the border in the center at the bottom.

IMPORTANT

This border line indicates the print area limits. ALL glider wings MUST have this thin border line around the outside perimeter. NO copy is allowed in the center of the wing area, as shown.
If logo's are required, please submit clean camera ready artwork(300 dpi or higher) or vector art. Small reversed, screened, fine line copy or close registration can not be printed satisfactorily on balsa wood and is not recommended.
Email artwork to: artwork@guillow.com

Template for 30-1

Border will print on the wings
